On 3/18/16 at approximately 0834hrs received a call from subject known as viper, stating someone had broken into the storage from 1032 sycamore (Record plant) located across the street from business on the south east side corner of Record plant parking lot. Upon arrival officer osuna and i observed the door open and what appeared to be forced opened, multiple items were scatter on the ground. A call was placed to record plant due to no answer a message was delivered informing them of the incident. 10 minutes after the call an employee from the business arrived coming from the west of Santa Monica alley way identifying himself as Sam. He was aware of incident. He stated he couldn't get a hold of his supervisor and that he was waiting for a call back.
